What is your favorite music player? What features does it lack?

VLC

Wynk

Google play music

mx player

vlc

Musixmatch

Saavn

XBOX music player

Saavn.. Downloading music should be made easy

ghhjk

i dont know what to write in this!!! Confused.

MusicBee, recommendations for songs

Km player

As of now Google play music for my offline collection and Saavn apilfor online are doing great but it would be great if it gave the option of downloading the music to an offline playlist.

player pro music player

Music player(that is the name actually). Doesnt recommend songs from offline library.

Google music, Gaana

Vlc..a lot

Vlc but it doesnt lack anything, just some stability issues

iTunes

Wynk. Doesn't have all the songs.

Mp 3 player

VLC. It's speed compensates for its lack of certain features (like recommendations) :P. 2nd in the list is iTunes.

google play music

google play

Google music

VLC Media Player

Saavn, complicated

Google

VLC; it lacks "offline music recommender" :P

VLC - The Feature which it lacks is a little stability and automatic subs module(like it has for vids).

VLC, it's cool. It lacks change in bass and stuff

Phonograph

I want lyrics with song

Youtube

VLC. none as such.

VLC, it has every feature I need.

Nothing

wynk music

Wynk , though, At times some really good songs are unavailable

Wync music...

Media player

uc music ..lyrics of all songs not found in that

AR Rehman

Media Monkey

Saavn, recommendations

I use SoundCloud. It's good but I would like it more if it could suggest me songs.

vlc

vlc..can,t think of any

wynk,limited time download

wynk

Key board

MX PLAYER

None specifcly.

mx

MX

WYNK

Google play..not any such specific change

It lacks a girl. 🙌

Sony

Windows Media player - __-. Features- lol

Google Play music

-

VLC media player. It is perfect.

Nothing precise i don't care about the player

Wynk.

sound cloud

Saavan

Windows media player..... Synchronized lyrics

Google Play Music. The playlist making is not good. There are no suggestions in it.

GOM player.

Spotify. Offline streaming.

POWER AMP PRO

Gaana.com

Groove..! Nothing 😞

Google play music , outdated interface

musicxmatch

Default one

VLC, noting I presume. (Well maybe predition.)

VLC, offline music recommender

Google Play Music

VLC Media Player, I am more of a 'One song in repeat mode' kind of person. So features don't matter much, VLC has everything I need. Sometimes however I need to shift scales of the song.

It would be nice :)

Vlc

.

VLC Media Player. I don't know what it lacks. Even if it does, there will be someone to add that feature cause it's a FOSS.

Lyrics and song both offline...that feature is lacking

It is quite good nothing lacking

can't play any with the preloaded app on android system

Wynk Some songs are not available

Gaana

Spotify. Ads are annoying.

MX player

Google music player.. quick search is lagging

Music

VLC?

Google Play/Saavn - A better and faster analyzer of the kind of music i am in the mood for based on the first few songs i play

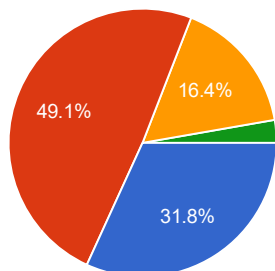

Any

being a windows user and downloading files from youtube using .aac format only vlc lets me play them.

It would be good if the player could create (or atleast suggest) music (in form of playlists) based on my earlier chocices and recent trends

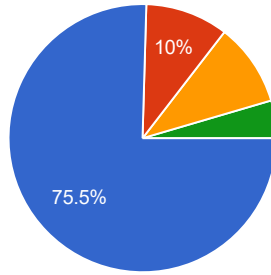

I use VLC, didn't ever think of what it lacks. I guess I somebody to make playlists for me....based on my playing pattern!

Does your offline music library have fully updated song metadata (like correct album art, singer, etc)?

Yes	35	31.8%
No	54	49.1%
I don't know	18	16.4%
Other	3	2.7%

Would you like to use a music player that recommends similar songs from and outside of your music library?

Yes, I always wanted that, make it happen.	83	75.5%
No, I don't care.	11	10%
I don't know.	11	10%
Other	5	4.5%
